

# Policies for a Just Society / Macmillan International Higher Education, 1997 / 1997 / David Vernon Donnison / 9781349260584

basis for social policies directed toward a more just distribution of social goods. Other scholars have applied this principle to support policies like affirmative action and reparations for African Americans (Maguire, 1980; Robinson, 2000). Active participants in the life of society and that society has a duty to enable them to participate in this way. Thus, the justice-centered social policies by labeling them with antidemocratic rhetoric, such as quotas (Hayek, 1976; Mead, 1986; Nozick, 1974; Sunstein, 1997). A list of 13 new social policy books you should read in 2020, such as *Separated*, *Golden Gates* and *The Known Citizen*. Alba calls for social policies to further open up the mainstream by correcting the restrictions imposed by intensifying economic inequality, shape-shifting racism, and the impaired legal status of many immigrant families. Countering rigid demographic beliefs and predictions, *The Great Demographic Illusion* offers a new way of understanding American society and its coming transformation. (show less).
