DESCRIPTION

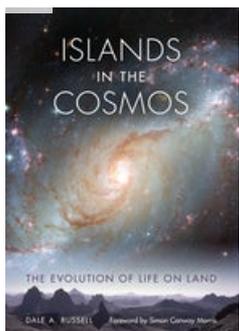

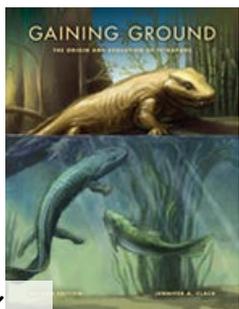

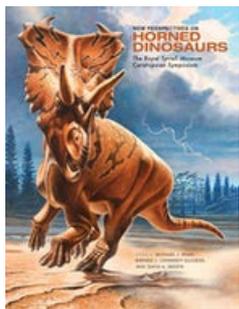

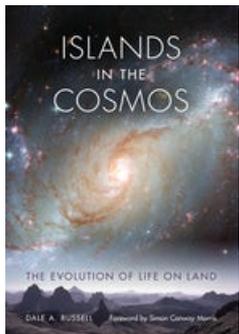

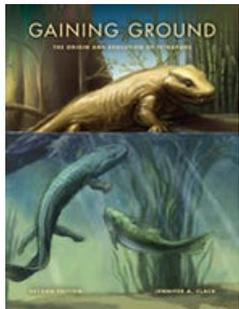

HIDE -

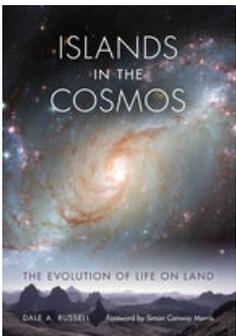

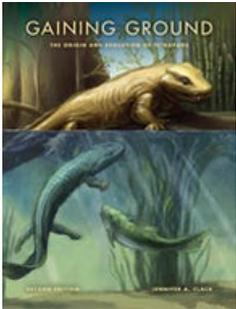

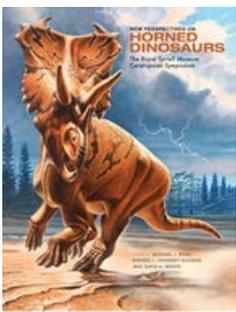

Before the Age of Dinosaurs there was an age in Earth's history known as the Triassic. It was a world of truly fantastic creatures, a genetic stew of the ancient and the modern. During this time the Earth took its first steps toward the creation of modern terrestrial ecosystems. This incredibly exciting period is brought vividly to life in the words of paleontologist Nicholas Fraser and the consummate artistry of Douglas Henderson. Together they have created a book in which the riches of Triassic life are presented with clarity, scientific accuracy, and imaginative recreation. Every lover of the life of the past will treasure Dawn of the Dinosaurs.

After the events of "Ice Age: The Meltdown", life begins to change for Manny and his friends: Scrat is still on the hunt to hold onto his beloved acorn, while finding a possible romance in a female sabre-toothed squirrel named Scratte. Manny and Ellie, having since become an item, are expecting a baby, which leaves Manny anxious to ensure that everything is perfect for when his baby arrives. Soundtracks. Sid begins to wish for a family of his own and "adopts" three apparently abandoned eggs that he finds in an icy underground cavern and call them Egbert, Shelly, and Yoko. Manny tells him to put them back, but Sid instead looks after the eggs, which hatch into baby Tyrannosaurus the next morning. Although Sid tries his best to raise the three dinosaurs, their rambunctious behavior scares away all the other animals' young and ruins a playground Manny built for his child. A female Tyrannosaurus, Momma, whose eggs Sid stole, soon returns and carries both Sid and her young underground, with Diego i They say the third time's a charm and in the case of our third Ice Age movie, we have to agree. This film was bigger than ever before - introducing an epic mist monster, huge rivers of lava, ferocious dinosaurs, and an entirely new snow-free landscape. If that wasn't enough, it's also Blue Sky's first 3D film. You might call us workaholics, but we prefer "animation inclined." Ice Age: Dawn of the Dinosaurs is a 2009 American computer-animated adventure comedy film produced by Blue Sky Studios and distributed by 20th Century Fox. It is the third installment in the Ice Age series and the sequel to Ice Age: The Meltdown (2006). It was directed by Carlos Saldanha and co-directed by Mike Thurmeier. Ray Romano, John Leguizamo, Denis Leary and Chris Wedge reprise their roles from the first two films and Queen Latifah, Seann William Scott, and Josh Peck reprise their roles from Ice Age: Dawn of the Dinosaurs is the third installment in the Ice Age series . It was produced by Blue Sky Studios and released by 20th Century Fox . It was released in July 1, 2009 with a sneak preview shown nationwide at selected theaters on Father's Day in the USA. It is the first Ice Age movie to be released in digital 3D and is by far the most popular movie in the Ice Age franchise so far.

In addition to the expanded features of the single-player gameplay, for the first time in an Ice Age game, players can team up with friends and family in eight competitive multiplayer mini-games. Experience continuously changing gameplay through more than 15 levels - Every level presents new and exciting challenges as players learn and master each character's abilities in order to defeat enemies, traverse dangerous landscapes, avoid obstacles and escape from perilous situations. Ice Age: Dawn of the Dinosaurs (or Ice Age 3) is a video game based on the movie with the same name . It was released on the Xbox 360 , Playstation 3 , Wii , Playstation 2 , Nintendo DS , and PC by Activision on June 30, 2009, 1 day before the movies release. It is the sequel to the Ice Age 2 video game . Most of the cast from the movie voiced the characters in the game, with the exceptions of Denis Leary , Simon Pegg (who both had prior commitments to attend to) and Sean William Scott . Our friends from Ice Age have already lived all kinds of adventures, but now they are going to meet some new friends, that are a little less docile and friendly: the dinosaurs. In Ice Age 3 Dawn of the Dinosaurs we'll have to overcome all the tests that we come across, like escaping from the tyrannosaurus during a stampede, so that he doesn't eat us, descend a mountain inside a dinosaur egg, while we avoid it breaking, or discovering the secrets that the pterodactyl may be hiding. The game has several difficulty levels, making it a good game for people of all ages, and a graphical en Ice Age 3 - Dawn of the Dinosaurs (Europe) (Fr,NI). 49 0 1 0. Embed Code. The dinosaurs famously died out millions of years before animals such as the woolly mammoth and saber-toothed tiger appeared. However it's stated in the movie that the dinosaurs they find are a few that managed to survive underground, and that the mammals thought they were extinct. See more » . Quotes.
