In other words, Money Masters of Our Time gives a biography of each investor's road to success, while the Market Wizards gives details of each investor's investing strategy and mentality: both important but I find Market Wizards more valuable. In summary, I would read this book only if you already read Market Wizards series. Thesis : that the investor's best hope of doing well is by seeking the "fertile fields for growth" and then holding those stocks for long periods of time. Growth company : long-term growth of earnings, reaching a new high level per share at the peak of each succeeding major business cycle and which gives indications of reaching new high earnings at the peak of the future business cycle. Timing : the most profitable and least risky time to own a share is during the early stages of growth. Criteria : 1) Superior research to develop products and markets 2) Lack of cutthroat competition 3) Comparison From banking to buyouts, trading to takeovers, these 40 financiers dominate the world of money. The hedge fund managers, private equity moguls and lenders who control the flow of trillions of dollars around the global economy impact just about all of us one way or another.
