Lincoln and London: University of Nebraska Press, 1942. Oglala Lakota (Sioux) leader Crazy Horse was the epitome of an Indian. Although he finally surrendered at Camp Robinson, Nebraska Territory, he never seemed to give in to the demands of the white man's world. Big problems occur when trying to do a Crazy Horse biography. He never told his side of the story, and none of his fellow Indians said much about him to white people until he had been gone at least a quarter of a century. Certainly there was room for another biography that focused strictly on the life of Crazy Horse. By trying to match the primary sources to the historic record instead of relying on secondary sources, Mike Sajna has managed to come up with a fine 367-page work.

This documentary gives a revealing portrait of the life and times of one of the greatest Oglala Lakota leaders, Crazy Horse. Historians and elders of his Lakota tribe provide their take on this legend and period accounts, art and artifacts show the relentless pursuit and capture by US forces, following the crushing Lakota victory in the Battle of Little Big Horn. Everything we know about Crazy Horse, with the exception of his death and military records that might refer to battles he took part in, is necessarily based on oral history. Those who knew the history are long gone as are those who interviewed them and recorded it. I was disappointed in this book. I have long been fascinated by the life of Ta-Sunka Witko (Crazy Horse), and have read everything I could find on the subject. This isn't a bad book, there just is nothing new said in it. I'm not sure why Mr. Sajna felt the need to write it. Much of the book talks about the historical time and setting of the life of Ta-Sunka Witko, but not about the man himself. In his preface, the author states he only used primary sources in writing this book. Under such conditions the life of Crazy Horse began. His mother, like other mothers, tender and watchful of her boy, would never once place an obstacle in the way of his father's severe physical training. They laid the spiritual and patriotic foundations of his education in such a way that he early became conscious of the demands of public service. In this dashing charge, Crazy Horse snatched his most famous victory out of what seemed frightful peril, for the Sioux could not know how many were behind Custer. He was caught in his own trap. To the soldiers it must have seemed as if the Indians rose up from the earth to overwhelm them. Little did Crazy Horse know when he spoke these words in battle that it was his tale that people would be telling long after his death.
