Brown and DeFelice mix in a little drama and even a dash of romance here and there. Spoiler alert: there's a lot of dramatic tension between Major General Terrill and his predecessor at Dreamland, Lieutenant Colonel Tecumseh Bastian. It wasn't great. I remain a steadfast Dale Brown fan, but I've always preferred the Patrick McClanahan books over the Dreamland series, and this is a good example why. The plot works for most of the book, but falls apart in its believably towards the end. The characters are a little flatter than the McClanahan cast, and the dialogue feels a little weaker. Dog stopped and smiled, thinking of Pappy. The funny thing was, he couldn't remember his real name. President Kevin 10. Dale Brown's dreamland.
