In Pakistan at the Crossroads, top international scholars assess Pakistan's politics and economics and the challenges faced by its civil and military leaders domestically and diplomatically. Contributors examine the state's handling of internal threats, tensions, terrorist violence in Pakistan in response to the American-led military intervention in Afghanistan and in the Federally Administered Tribal Areas by means of drones, as well as to Pakistani army operations in the Pashtun area, has reached an unprecedented level. There is a growing consensus among state leaders that the nation's main security threats may come from India but from its spiraling internal conflicts, though this realization may not sufficiently dissuade the Pakistani army from targeting the country's largest neighbor. "Pakistan at the Crossroads provides a diverse collection of articles from a vast array of reputable scholars who have a deep understanding of and knowledge about Pakistan. The contributors imaginatively and incisively venture to explain the disabilities, constraints, and missed opportunities of Pakistani civil and military regimes that could reinvigorate deliberation and dialogue.
