The following collection of Excerpt from Folk-Tales of Salishan and Sahaptin Tribes Through the liberality of Mr. Homer E. Sargent of Chicago, Mr. James A. Teit has been enabled to carry on his investigations of the Salish tribes of the interior. During the past ten years he has conducted researches on the distribution of tribes and dialects and on their customs and tales. The following collection of traditions was made in connection with these researches. The book also contains Sahaptin tales collected in 1902 by Livingston Farrand, and others collected by Herbert J. Spinden in 1907. Most of the comparative notes have been added by me. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. The Salishan language family consists of twenty-three languages. Below is a list of Salishan languages, dialects, and subdialects. The genetic unity among the Salish languages is evident. Neighboring groups have communicated often, to the point that it is difficult to untangle the influence each dialect and language has upon others. (1917). Folk-Tales of Salishan and Sahaptin Tribes.
