A Common Grace. Kimberly K. Smith. "Wendell Berry is one of America's most important cultural critics, and the beauty of [this book] is Smith's patient delineation of Berry's vision and her focus on his ecological agrarianism. In bringing Berry to the forefront of an environmental worldview, she makes clear the necessity for us all to attain the conditions necessary to live in harmony with the natural and social world." Lexington Herald-Leader (KY). "By showing us how Berry has revived and helped transform an agrarian tradition and how his writings identify a latter-day blend of environmental, democratic, community, and sustainable agricultural values, Smith has provided us a road map for understanding a new rural politics and intellectual tradition." Wendell Berry, right at home. Wendell Berry, 70 years old today, has established himself as many things in his lifetime: a veteran sage of sustainable agriculture; a progressive defender of virtue and tradition; one of our most famous farmers to renounce the tractor; and one of our most acclaimed authors to shun the computer. To appreciate Berry, you must first understand that he has staked his life on a gamble of faith—the faith being, he says, "that if you make a commitment, and hang on until death, there are rewards." His own commitment, most of all, is to place: to finding a home and s

The best longer treatment of Berry's agrarian philosophy is found in Kimberly K. Smith, *Wendell Berry and the Agrarian Tradition: A Common Grace* (Lawrence: University Press of Kansas, 2003). For a Christian appraisal, see J. Matthew Bonzo and Michael R. Stevens, *Wendell Berry and the Cultivation of Life: A Reader's Guide* (Grand Rapids: Brazos Press, 2008). 6. for his articulate, often times trenchant, defense of an agrarian political vision, the impact of Berry's work is deep and far-reaching. 4 It is unfortunate, then, that so few in the Christian tradition have seriously considered the cha

Read Full Overview. Edition Details. Kimberly K. Smith. Farmer and conservationist Wendell Berry has published more than thirty books, making his name a household word among environmentalists. From his Kentucky farm, Berry preaches and practices stewardship of the land as he seeks to defend the value and traditions of farm life in an industrial capitalist society. A central figure in the greening of American agrarianism, Berry has been an advocate of small farming and traditional values who has tirelessly reminded readers that sustainable agriculture is more than a catchphrase. Kimberly Smith now reveals the depth of his ideas an

Poet, novelist, and environmentalist Wendell Berry lives in Port Royal, Kentucky near his birthplace, where he has maintained a farm for over 40 years. Mistrustful of technology, he holds deep reverence for the land and is a staunch defender of agrarian values. He is the author of over 50 books of poetry, fiction, and essays. His poetry celebrates the holiness of life and everyday miracles often taken for granted. "Wendell Berry is one of America's most important cultural critics, and the beauty of [this book] is Smith's patient delineation of Berry's vision and her focus on his ecological agrarianism. In bringing Berry to the forefront of an environmental worldview, she makes clear the necessity for us all to attain the 'conditions necessary to live in harmony with the natural and social world.'"--Lexington Herald-Leader (KY). "Smith's book is the first substantial critical analysis of Berry's thought to be published. . . .Â Her real achievement is in constantly probing the agrarian traditions that influenced him, dissecting his agreements and disagreements with those, and illustrating the evolution of his ideas and those of many agrarian traditions over time."--Perspectives on Political Science. Wendell Berry and the Agrarian Tradition: A Common Grace. Critical Writing. Author: Kimberley K. Smith. Record Status: Not yet reviewed. Critical writing that references this
