"American Government" redirects here. For the textbook by James Q. Wilson and John J. Dilulio Jr., see American Government (textbook). "Government of the United States" redirects here. No other name appears in the Constitution, and this is the name that appears on money, in treaties, and in legal cases to which it is a party (e.g. Charles T. Schenck v. United States). The terms "Government of the United States of America" or "United States Government" are often used in official documents to represent the federal government as distinct from the states collectively. In casual conversation or writing, the term "Federal Government" is often used, and the term "National Government" is sometimes used. The bestselling American government reader for over 40 years, this anthology continues to provide a strong, balanced blend of classic selections that illustrate and amplify important concepts in American government, along with current readings and cases drawn from today's headlines. Features. The core readings and cases of this text give students a real sense and understanding of their great heritage. The highlights of what students learn from this text are: John Locke's theory of government by consent Madison's constitutional model of Affectionately dubbed the "woolly reader" by my classmates and I, American Government: Readings and Cases was required reading for my AP American Government class this past semester. While it was nice having a compilation of essays for reference when one essay referred to another, Woll's comments at the end of each essay didn't add much to my understanding of the essays included in American Government: Readings and Cases. American Government: Readings and Cases. 19th ed. New York, NY: Pearson Higher Education, 2012. Additionally, throughout the course, articles from major periodicals and newspapers (such as Time, Newsweek, The Washington Post, The Washington Times, New York Times, and Wall Street Journal) will be assigned. Reading Reports. Each student will be assigned multiple scholarly articles and/or primary sources throughout the year. Readings: Alexis de Tocqueville's "Democracy in America," V.O. Key Jr.'s "Public Opinion and American Democracy," David W. Moore's "The Opinion Makers," and David Campbell's "Why We Vote" from The Lanahan Readings in the American Polity. Unit III: Political Participation. (Weeks 7-11). accompany any standard text in American government. In selecting the readings the editors have ranged widely and resourcefully through the literature. Nearly half of the selections are documents, the vast majority of which are not otherwise conveniently available. Head notes are short, for the editors believe that their function is to be helpful but not obtrusive. Wrote the Second Treatise of Civil Government and argued that government exists to protect "life, liberty, and property." He was more optimistic about human nature and believed humans enjoyed certain inalienable rights that no government can take away. Humans entered into social contract to establish government and protect rights, and must get consent from the people, so he rejected the divine right of kings. Aristotle. Wrote the Polis and believed in going for the "greater good", based on the Greek city-states.
