The Missing Manual Series Missing Manuals are witty, superbly written guides to computer products that don't come with printed manuals (which is just about all of them). Each book features a handcrafted index; cross-references to specific page numbers (not just "see Chapter 14"); and RepKover, a detached-spine binding that lets the book lie perfectly flat without the assistance of weights or cinder blocks. To get the right instructions, look for a previous edition of this book, such as Excel 2007: The Missing Manual or Excel 2003: The Missing Manual. 1. Introduction.
