Description:

Introduced in 1976, *The Music Kit* was the first to offer students an integrated learning environment for the fundamentals course.

By encouraging students to be active learners and providing for varied learning styles, *The Music Kit* has continued to foster the development and mastery of the basic skills needed for further study in music. Students perform frequent exercises, listen to music while examining music scores, tap or clap along to recorded rhythms, and complete computerized tutorials, drills, and quizzes that return personalized feedback and scores. Not merely a textbook, *The Music Kit* offers a complete system for introductory music training, which includes a *Workbook*, *Rhythm Reader*, *Scorebook*, and audio CD. Featuring a newly recorded, fully-tracked audio CD, and increased emphasis on aural

skills, the Fourth Edition continues to raise the bar for music training excellence.

These exercises continually involve students as they develop basic musical concepts. Rhythm Reader and Scorebook: Students A complete instructional package to learn basic music skills. Workbook: Students become familiar with melody and harmony by working through a series of carefully graded exercises involving pitch, notation, intervals, scales, key signatures, and chords. From the product description: "The Music Kit offers a complete system for introductory music training, which includes a Workbook, Rhythm Reader, Scorebook, audio CD, and computer software". This is the second time I ordered the "Music Kit" and only received the workbook. Also, it qualified for Prime shipping but I didn't receive it for eleven days. If I could give anything less than one star I would.

From the product description: "The Music Kit offers a complete system for introductory music training, which includes a Workbook, Rhythm Reader, Scorebook, audio CD, and computer software". This is the second time I ordered the "Music Kit" and only received the workbook. Also, it qualified for Prime shipping but I didn't receive it for eleven days. If I could give anything less than one star I would. In addition to his work on The Music Kit, he is coauthor of the CD-ROM for The Study of Orchestration, Third Edition. Table of Contents. Featuring a newly recorded, fully-tracked audio CD, and increased emphasis on aural skills, the Fourth Edition continues to raise the bar for music training excellence. Music Kit Book tells all. Tom Manoff's approach to teaching anyone how to read music is simply the the most practical. Just follow his "workbook" system and there is no way a person cannot understand music theory in a comprehensive manner. If you're the type of person who would like to be able to play guitar with some chords and sing a little, when your done with this book you will be a master of guitar and also know quite a bit about piano.
