The Unknown Stalin book. Read 8 reviews from the world's largest community for readers. Josef Stalin remains one of the greatest enigmas of modern history. This book is not a basic biography of Stalin, but instead looks at certain episodes of his life, bringing new research into the nutbucket's legacy. Because each chapter is different, not chronological, it kept my interest. Turned out to be perfect timing, as I saw the movie, The Death Of Stalin just as I was finishing the book. Nutbuckets. It's actually rather depressing, because while reading this, I realized that no matter what, humans will always try to outshine their fellow humans, which means power which means corruption, which means war and death.
