

Human Development; 1998; Diane E. Papalia, Sally Wendkos Olds, Ruth Duskin Feldman; McGraw-Hill, 1998; 9780070487727

This year's Human Development Report, *Overcoming Barriers: Human Mobility and Development*, challenges such stereotypes. It seeks to broaden and rebalance perceptions of migration to reflect a more complex and highly variable reality. This report breaks new ground in applying a human development approach to the study of migration. It discusses who migrants are, where they come from and go to, and why they move. Books shelved as human-development: *The 7 Habits of Highly Effective People: Powerful Lessons in Personal Change* by Stephen R. Covey, *Who Moved My Cheese...* (shelved 14 times as human-development) avg rating 4.12 525,349 ratings published 1989. Want to Read saving... Want to Read. Currently Reading. Read. The book provides a comprehensive account of the human development (HD) approach to development. It shows how it emerged as a consequence of defects in earlier strategies, especially growth maximization. The book investigates the determinants of success and failure in HD across developing countries over the past forty years. Established as an authoritative, highly cited voice on early human development, *Early Human Development* provides a unique opportunity for researchers and clinicians to bridge the communication gap between disciplines. Creating a forum for the productive exchange of ideas concerning early human growth and development, the journal publishes original research and clinical papers with particular emphasis on the continuum between fetal life and the perinatal period *Bundle: Human Development: A Life-Span View, Loose-leaf Version, 8th + MindTap Psychology, 1 term (6 months) Printed Access Card, Enhanced.* Robert V. Kail. Kail is editor of *Child Development Perspectives* and editor emeritus of *Psychological Science*. He received the McCandless Young Scientist Award from the American Psychological Association, was named the Distinguished Sesquicentennial Alumnus in Psychology by Ohio Wesleyan University, and is a fellow of the Association for Psychological Science.
