

Modern European Philosophy: The History of Modern Philosophy, Psychologically Treated / Denton Jaques Snider / Sigma Publishing Company, 1904 / 1904

In our opinion, the philosophy of modern outlook, culture philosophy, has to give or interpret knowledge of last eras, as well as teach to think and make own knowledge to open in itself the new hidden opportunities. Now the classical logic is insufficient. A s illumined philosophy history from the point of view of logical categories formation as thinking and life definitions systems. The Kazakhstan dialecticians. In many histories of modern ethics, Kant is supposed to have ushered in an anti-realist or constructivist turn by holding that unless we ourselves 'author' or lay down moral norms and values for ourselves, our autonomy as agents will be threatened. In this book, Robert Stern challenges the cogency of this 'argument from autonomy', and claims that Kant never subscribed to it. A James also relates Fichte's central social and political ideas to those of other important figures in the history of philosophy, including Locke, Kant and Hegel, as well as to the radical phase of the French Revolution. His account will be of importance to all who are interested in Fichte's philosophy and its intellectual and political context. An edition of Modern European philosophy, the history of modern philosophy, psychologically treated (1904). Modern European philosophy, the history of modern philosophy, psychologically treated.
