Corporate and Business Law (English) Study Text ACCA F4 For exams up to June 2015 ACCA approved United Kingdom enterprise law concerns the ownership and regulation of organisations producing goods and services in the UK, European and international economy. Private enterprises are usually incorporated under the Companies Act 2006, regulated by competition law and insolvency law, while almost one third of the workforce and half of the UK economy is in enterprises subject to special regulation. Enterprise law mediates the rights and duties of investors, workers, consumers and the public to ensure The UK is an important member of the Commonwealth of Nations, more so, as the Queen is the head of the Commonwealth. In the 19th and 20th centuries, when the British Empire spread across different continents, all the countries that were under British rule had to adopt British company law. Although the company in many of these countries have developed over the years to reflect their particular socio-political and cultural environments, many of them still have some semblance of British company law, especially through their association with the Commonwealth. The UK has been at the forefront of co Business Organizations and Corporate Law is a text designed for the paralegal student; it also provides reference for the training and practicing professional in the realm of business organizations. The unique perspective of this text was created specifically with the student in mind and focuses on being reader-friendly and paralegal centered.Â Topics include choice of law; a basic typology of business organization forms in the world; limited liability and creditor protection concerns; corporate governance structures; mismanagement by directors and controlling shareholders; insider trading; and takeovers. The book is designed to inform, rather than overburden, the basic corporation law course. The National Labor Relations Board: Organization and Functions.
